Re: Outpatient Prospective Payment System (OPPS) January 2023 Update

OPPS rates have been updated. Below is a summary of the changes that were effective January 2023:

1. For CY2023, the fixed dollar threshold is \$8350.00. The multiple threshold does not change, therefore, the new outlier threshold is the maximum of $1.75 * APC_Pay$ or $APC_Pay + \$8350.00$.
2. The statewide conversion factor (CF) has been set at \$95.00.

Hospitals reimbursed through OPPS continue to have their rates set at 111% of Medicare's rates. Sole Community Hospitals (SCH) receive an additional 7.1%.
